FITZNER®
Arbeitsschutz

headgear

The holder can be easily attached to and removed from our D! rock helmet. Together with the visor (item no. 156622), the set completes the protection of the wearer of the helmet against hazards in the face area. Thanks to the NBR seal, the holder fits perfectly on the D! RockHelmet and can be easily opened or closed using the mechanical 2-way system. The holder has been designed so that it closes with the helmet and e.g. the hearing protection capsule article 180 can be mounted without any problems.

Article no.:	156623
Coating description:	headgear without face shield
Packaging units:	1 piece / 100 piece
Material:	ABS - plastic
Color:	black
Industry:	Construction / Waste / Recycling Services / logistics / facility management Craft / manufacturing industry
