Warning protection softshell vest,

The High-Visibility Softshell Vest stands out with its abrasion-resistant, wind- and water-repellent softshell material (water column 8,000 mm) and high breathability thanks to its 3-layer laminate. Thermo-fixed, segmented reflective strips ensure optimal visibility without bothersome seams. The fleece lining offers high wearing comfort, while the ergonomic fit, numerous pockets (including a tablet and pen pocket) and extended back guarantee all-around protection and functionality.

EN ISO 20471:2013 + A1:2016

class 1, size XS-S; class 2; size M>

Article no.:	20310
Coating description:	Warning protection softshell vest, fluorescent yellow / black
